

Well done to Elliott Browne from Luton who has won another 2 world medals at tumbling, competing for GB in the World Championships in Sofia, Bulgaria.

Elliott travels all the way to Wakefield to train Monday to Wednesday after being invited by the National coach, and then has to travel back to Harlequin to coach and train and then teaches gymnastics in schools in Luton and Leighton Buzzard during the day.

Elliott won an individual Senior bronze medal and made up the GB Senior team with Greg, Callum and Kristof who won the Gold medal, which was a great achievement for Elliott and Great Britain. Elliott is a true inspiration to lots of gymnasts and hopefully some will follow in his footsteps.
